Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers 223 WSSM

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers, specifically designed for the 223 WSSM (Winchester Super Short Mag). This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this manual carefully before using the conversion kit.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe operation.
- Ensure that the reloading area is wellventilated and free from distractions.
- Keep all components out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Regularly inspect the conversion kit for signs of wear or damage before each use.
- Do not exceed the recommended load specifications for your reloading press.
- Store the conversion kit in a cool, dry place away from direct sunlight and moisture.

Specific Safety Precautions for Use

- Ensure the reloading press is securely mounted to prevent movement during operation.
- Always verify that the correct shellplate and powder funnel are installed for the specific caliber being used.
- Never leave the reloading press unattended while in use.
- Avoid using damaged or worn components; replace them immediately.
- Be aware of potential hazards associated with the materials being reloaded, including powders and primers.
- Follow all local, state, and federal regulations regarding ammunition reloading.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure your reloading press is clean and free from debris.
2. **Remove Existing Components:** If applicable, remove the current shellplate and powder funnel from the press.
3. **Install Shellplate:**
 - Align the new shellplate for the 223 WSSM with the mounting holes on the press.
 - Secure the shellplate in place according to the manufacturer's instructions.
4. **Install Powder Funnel:**
 - Insert the powder funnel into the shellplate.
 - Ensure it is seated properly and securely.
5. **Locator Buttons:**
 - Attach the locator buttons as per the provided instructions to ensure proper alignment during reloading.

Usage

- Follow the reloading process as outlined in your reloading press manual.
- Always doublecheck the settings and components before starting the reloading cycle.
- Monitor the operation closely, looking out for any irregularities or issues.
- After completing the reloading process, ensure that all components are returned to their storage locations.

Disposal Instructions

- Dispose of any unused or expired reloading materials according to local regulations.
- Recycle packaging materials when possible.
- Do not dispose of hazardous materials in regular trash. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please consult the manufacturer's website or customer service for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Dillon Caliber Conversion Kit. Always prioritize safety and compliance with local regulations to enjoy the benefits of reloading responsibly. Thank you for choosing Dillon products.
