# Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

## Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers, specifically the 416 Remington Mag. This guide provides essential safety instructions to ensure the safe and effective use of your conversion kit. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the conversion kit is compatible with your Dillon reloading machine model (RL300, RL450, RL550, AT500, BL550).
- Always follow the manufacturer's instructions for your specific reloading machine.
- Keep the conversion kit out of reach of children and vulnerable individuals.
- Regularly inspect the conversion kit for any signs of wear or damage.
- Use the conversion kit only for its intended purpose as outlined in this manual.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recalls and safety updates via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the reloading machine.
- Ensure that the work area is wellventilated and free from flammable materials.
- Do not use the conversion kit if you notice any defects or damage.
- Handle all components with care to avoid injury.
- Be aware of the potential hazards associated with reloading ammunition, including exposure to lead and other chemicals.
- Follow all local laws and regulations regarding ammunition reloading and storage.

## Instructions for Installation and Usage

### 1. Installation

- Unpack the conversion kit and ensure all components (shellplate, powder funnel, locator buttons) are included.
- Refer to your Dillon reloading machine manual for specific installation instructions.
- Attach the shellplate securely to the machine, ensuring it is properly aligned.
- Install the powder funnel according to the manufacturer's guidelines.
- Insert the locator buttons into their designated positions.
- Doublecheck that all components are securely installed before use.

### 2. Usage

- Ensure that the reloading machine is turned off and unplugged before beginning any adjustments or installations.
- Follow the loading procedures outlined in your reloading machine manual, using the appropriate settings for the 416 Remington Mag.
- Monitor the reloading process closely to ensure consistent and safe operation.
- After reloading, carefully inspect all ammunition for quality and safety before storage or use.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the conversion kit in regular household waste. Check for designated recycling or hazardous waste disposal sites in your area.
- Ensure that all unused powders and materials are stored safely or disposed of according to manufacturer guidelines.

## **Contact Information for Further Support**

For additional support or inquiries regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or customer service resources.

Thank you for prioritizing safety and compliance while using your Dillon reloading equipment. Enjoy your reloading experience responsibly!
