

MEPRO microRDS - RED DOT MICRO SIGHT + Backup sights - microRDS KIT-CZ-75,85,97,SP01

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

The quickest, easiest upgrade in the history of accuracy. The Mepro microRDS brings the rapid target acquisition of a full-size red dot rifle optic to a compact pistol sight. Featuring a patented quick-detach (QD) adaptor kit that easily mounts using the pistol's existing rear sight dovetail slot; no drilling, tapping or need for a gunsmith. It's the only red-dot solution that instantly mounts and dismounts without having to re-zero, with an adaptor that also gives you a Meprolight® TruDot™ self-illuminated sight as a back-up when the red dot optic is removed. Built to mount in minutes to any pistol with red dot capability. It also serves as an excellent close-quarters red dot sight and backup sight for rifles and shotguns.

MEPRO microRDS Safety Instruction Guide

Introduction

Thank you for choosing the MEPRO microRDS RED DOT MICRO SIGHT + Backup sights microRDS KIT for your CZ75, 85, 97, SP01. This guide provides important safety instructions to ensure the safe and effective use of your product. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Ensure the product is used only as intended for target acquisition on firearms compatible with red dot sights.
- Always handle firearms with care and follow standard firearm safety rules.
- Do not use the product if it appears damaged or malfunctioning.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the sight for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure your firearm is unloaded before installing or adjusting the sight.
- Avoid looking directly at the sun through the sight as it may cause permanent eye damage.
- Use the sight in accordance with local laws and regulations regarding firearm accessories.
- Be aware of your surroundings and ensure a safe shooting environment.
- If using the sight in lowlight conditions, ensure the selfilluminated feature is functioning properly.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded.
- Remove the existing rear sight from your pistol using appropriate tools.
- Align the Mepro microRDS adaptor kit with the existing dovetail slot.
- Securely attach the adaptor kit without the need for drilling or tapping.
- Mount the Mepro microRDS sight onto the adaptor.
- Tighten the mounting screws to ensure a secure fit.

2. Usage

- To activate the sight, ensure the battery is installed correctly.
- Adjust the brightness settings based on your shooting environment.
- Use the sight for target acquisition by aligning the red dot with your target.
- If the red dot optic is removed, ensure the backup Meprolight TruDot selfilluminated sight is ready for use.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste.
- Remove the battery before disposal and recycle it according to local guidelines.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding your MEPRO microRDS, please refer to the contact information provided with your product packaging or visit the manufacturer's website for support.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the MEPRO microRDS!
