

MEPRO microRDS - RED DOT MICRO SIGHT + Backup sights - microRDS KIT-SPRINGFIELD XD MODELS/HELLCAT

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

The quickest, easiest upgrade in the history of accuracy. The Mepro microRDS brings the rapid target acquisition of a full-size red dot rifle optic to a compact pistol sight. Featuring a patented quick-detach (QD) adaptor kit that easily mounts using the pistol's existing rear sight dovetail slot; no drilling, tapping or need for a gunsmith. It's the only red-dot solution that instantly mounts and dismounts without having to re-zero, with an adaptor that also gives you a Meprolight® TruDot™ self-illuminated sight as a back-up when the red dot optic is removed. Built to mount in minutes to any pistol with red dot capability. It also serves as an excellent close-quarters red dot sight and backup sight for rifles and shotguns.

MEPRO microRDS Safety Instructions

Introduction

Thank you for choosing the MEPRO microRDS RED DOT MICRO SIGHT + Backup sights microRDS KIT for Springfield XD models and Hellcat. This guide provides essential safety instructions and guidelines to ensure the proper use and maintenance of your product. Please read this document carefully before using the microRDS to maximize safety and performance.

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or adjusting the microRDS.
- Use the sight only on firearms that are compatible with red dot optics.
- Regularly inspect the microRDS for any signs of damage or wear.
- Do not modify the microRDS or its mounting components in any way.
- Store the microRDS in a safe, dry place away from children and unauthorized users.
- Follow all local laws and regulations regarding the use of firearms and optics.

Specific Safety Precautions for Use

- Ensure that the sight is properly secured to the firearm before use to prevent accidental dismounting.
- When using the microRDS, always wear appropriate eye protection.
- Be aware of your surroundings and ensure that you have a clear line of sight when aiming.
- Avoid using the microRDS in extreme weather conditions that could impair visibility or functionality.
- In case of malfunction, cease use immediately and contact a qualified gunsmith or the manufacturer for assistance.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded.
- Remove the existing rear sight by following the manufacturer's instructions.
- Align the microRDS adaptor kit with the pistol's existing rear sight dovetail slot.
- Secure the microRDS in place according to the provided instructions, ensuring it is tight and stable.
- Confirm that the sight is level and properly aligned.

2. Usage

- Turn on the microRDS by following the power instructions provided in the user manual.
- Adjust the brightness settings as needed for optimal visibility.
- Practice aiming and target acquisition in a safe environment before using the sight in the field.
- Always check the zeroing of the microRDS before engaging in any shooting activities.

Disposal Instructions

- Dispose of the microRDS and any associated components in accordance with local regulations for electronic waste.
- Do not dispose of the product in regular household waste.
- Consult local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance of the MEPRO microRDS, please reach out to your local retailer or the manufacturer's support team. Ensure that you have your product information ready for a more efficient response.

By following these safety instructions, you can ensure a safe and effective experience with your MEPRO microRDS. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
