

# Tru Dot FIXED PISTOL SET WALTHER PPS,PPX,CREED G/G

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

# Tru Dot Fixed Pistol Set Safety Instructions

## Introduction

Thank you for choosing the Tru Dot Fixed Pistol Set for your Walther PPS, PPX, or Creed. This safety instruction guide is designed to help you understand how to use, install, and dispose of the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure you are familiar with the operation of your handgun before installing or using the Tru Dot sights.
- Always handle firearms with care and follow all applicable laws and regulations regarding firearm safety.
- Store the Tru Dot sights in a secure location, away from children and unauthorized users.
- Inspect the sights regularly for any signs of damage or wear. Do not use if damaged.
- If you experience any issues with the product, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or adjusting the sights.
- Use appropriate tools for installation to avoid damaging the sights or the firearm.
- Avoid using the sights in extreme weather conditions or environments that may affect their performance.
- Be aware of your surroundings and ensure a safe shooting environment at all times.
- If you are new to using night sights, practice in a safe and controlled environment before using them in lowlight conditions.

## Instructions for Installation and Usage

### Installation Instructions

1. **Preparation:** Ensure the firearm is completely unloaded. Remove any ammunition from the vicinity.
2. **Tools Required:** You will need a small screwdriver and possibly a sight pusher tool (not included).
3. **Removing Existing Sights:**
  - Carefully remove the existing front and rear sights from your handgun using the appropriate tool.
  - Take care not to damage the gun's slide during removal.
4. **Installing Tru Dot Sights:**
  - Align the Tru Dot sights with the mounting points on the firearm.
  - Press or screw the sights into place securely, ensuring they are properly aligned.
5. **Final Inspection:** Check the installation to ensure that the sights are stable and correctly positioned.

### Usage Instructions

- To use the Tru Dot sights effectively, align the three dots (two rear dots and one front dot) to acquire your target.
- Practice aiming with the sights in both daylight and lowlight conditions to become familiar with their performance.
- Regularly check the sights for alignment and visibility, especially after extended use.

## Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the Tru Dot sights become damaged or are no longer usable, dispose of them in accordance with local electronic waste disposal regulations.
- Do not attempt to disassemble or modify the sights beyond the installation instructions provided.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please contact the manufacturer or your local distributor. Ensure you have the product details ready when seeking support.

By following these safety instructions, you can ensure the safe and effective use of your Tru Dot Fixed Pistol Set. Thank you for prioritizing safety and responsibility in your firearm usage.
