

# HYPER BRIGHT SUPPRESSOR PISTOL SET KIMBER - HYPER BRIGHT SUPPRESSOR PISTOL SET KIMBER 1911 O RING/G

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

A total eclipse of conventional brightness. It's the world's brightest handgun sight in any light, with tritium specially formulated to give you industry-first brilliance from broad daylight to midnight. These self-illuminated, fixed tritium sights feature an extremely bright colored ring front sight in your choice of green, yellow, or orange, delivering supreme visibility as a night sight or day-night sight. Contrasting front and rear sight colors help shooters focus on the front sight quicker for faster target acquisition in all lighting conditions. Because you can't predict when everything will depend on your sight's visibility, you can count on Hyper-Bright™. Every time. HYPER-BRIGHT CONCEPT: The MEPRO Hyper-Bright™ fixed Day and Night Sights offer the most reliable illumination for day or night. Mepro Hyper-Bright™ fixed sights feature an extremely bright fluorescent contrast colored ring in green or orange for fast target acquisition in the daytime. The yellow ring option is the sole option with phosphorescent paint that charges with light and glows in lowlight conditions for a short time in conjunction with the tritium. As a result, both rear and front tritium sources appear green in lowlight and nighttime. ALWAYS ON: Premium grade green Swiss-made Tritium vials in the front and rear sights allow for low light and nighttime conditions. The U-notch shape on the rear naturally directs your eyes to the top of the Front sight. No batteries, no switches - always on, always ready 24/7 for 12 years. Maintenance-free can be mounted directly with no modifications. Direct factory replacement, recommend replacing as a set. HIGH DURABILITY: The MEPRO HYPER-BRIGHT™ are drop- and shockproof, built for endless rounds under heavy recoil, and made of steel. Its ultralight, snag-free design is easy to draw and gives you instinctive aiming under pressure. In addition, these sights are reliable in any weather conditions.

## Safety Instruction Guide

### Introduction

Thank you for choosing the HYPER BRIGHT SUPPRESSOR PISTOL SET KIMBER. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. It is important to follow these instructions carefully to avoid potential hazards and to maximize the performance of your sights.

### General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the firearm and its accessories with care and respect.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of damage or wear.
- Report any unsafe product experiences or accidents to the appropriate authorities.
- Check for updates and recall information on the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- Always verify that the firearm is unloaded before installing or adjusting the sights.
- Do not attempt to modify or alter the sights in any way.
- Be aware of your surroundings and ensure a clear line of sight when aiming.
- Use appropriate eye and ear protection when using the firearm.
- Avoid using the firearm in adverse weather conditions that may impair visibility.
- Ensure that the sights are properly aligned before use to avoid misfires.

### Instructions for Installation and Usage

#### Installation

##### 1. Preparation:

- Ensure the firearm is unloaded.
- Gather necessary tools for installation (if required).

##### 2. Mounting the Sights:

- Remove any existing sights from the firearm.
- Align the HYPER BRIGHT sights with the mounting area on the firearm.
- Securely attach the sights according to the manufacturer's specifications.
- Ensure that the sights are firmly in place and do not wobble.

#### Usage

##### • Daylight Use:

- The HYPER BRIGHT sights are designed for optimal visibility in daylight conditions.
- The colored ring front sight (available in green, yellow, or orange) enhances target acquisition.

##### • Low Light Use:

- The tritium technology ensures that the sights remain illuminated in low light and nighttime

conditions.

- The yellow ring option provides additional phosphorescent glow when charged with light.

- **Maintenance:**

- No batteries or switches are required; the sights are always on and ready for use.
- Inspect the sights regularly for any signs of wear or damage.
- If any issues are detected, replace the sights as a set to maintain optimal performance.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the HYPER BRIGHT SUPPRESSOR PISTOL SET KIMBER, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

By following these guidelines, you can ensure a safe and enjoyable experience with your HYPER BRIGHT SUPPRESSOR PISTOL SET KIMBER. Thank you for your attention to safety and responsible firearm use.
