

# Limited Rotation- Flush Cup

[Shooting Accessories](#) > [Duty Gear](#)

Made from all-steel construction, this swivel base delivers exceptional strength and security for adding one or more swivel positions to synthetic or wood stock firearms. It's designed for serious use — durable under load, resistant to wear, and built to keep your sling anchored exactly where you want it.

Choose your base style

Limited Rotation — Stainless Steel — Threaded: Prevents unwanted twisting of tactical slings while offering a low-profile, locked position.

Non-Threaded — Full Rotation: Provides a cleaner finished appearance and allows full 360° swivel movement.

# Limited Rotation Flush Cup Safety Instruction Guide

## Introduction

Thank you for choosing the Limited Rotation Flush Cup. This product is designed for serious use with synthetic or wood stock firearms, providing exceptional strength and security. This safety instruction guide outlines important safety information, installation instructions, and disposal guidelines to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure safe use of the product by following all instructions provided in this guide.
- Regularly inspect the product for signs of wear or damage before each use.
- Store the product in a cool, dry place away from direct sunlight to avoid deterioration.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Always use the product as intended and avoid modifications that may compromise safety.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:** Improper installation may lead to accidents or injuries. Overloading the swivel base beyond its designed capacity can cause failure.
- **Avoiding Hazards:** Always ensure the base is securely attached before use. Do not exceed the weight limit specified by the manufacturer. Avoid using the product in extreme weather conditions that may compromise its integrity.
- **Audience Specific Warnings:** This product is not intended for use by children. Ensure that all users are trained in the safe handling of firearms and accessories.

## Instructions for Installation and Usage

### 1. Installation:

- Choose the appropriate base style (Limited Rotation Stainless Steel Threaded or NonThreaded Full Rotation).
- Ensure that the firearm is unloaded before installation.
- Using the provided tools, securely attach the swivel base to the designated mounting point on the firearm.
- Doublecheck that all screws and attachments are tightened properly.
- Test the swivel base for stability before attaching any slings.

### 2. Usage:

- When using the sling, ensure it is properly attached and adjusted to your preference.
- Regularly check the attachment points for wear and secure fit during use.
- Avoid sudden movements that may cause undue stress on the swivel base.
- If you notice any signs of wear or malfunction, discontinue use immediately and seek replacement or repair.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for metal and plastic waste.
- Do not dispose of the product in regular household waste.

- If the product is damaged or no longer usable, consider recycling components where possible.

## **Contact Information for Further Support**

For any questions regarding the Limited Rotation Flush Cup, please refer to the manufacturer's contact point for safety inquiries. It is essential to have access to support for any safety concerns or productrelated questions.

By following these guidelines, you can ensure the safe and effective use of the Limited Rotation Flush Cup. Thank you for prioritizing safety and responsible usage.
