

# AP Throw Lever Head - BLK

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#)

The MDT AP Throw Lever Head is a rugged, high-performance mounting upgrade designed for shooters who demand speed, stability, and versatility. Engineered to interface seamlessly with ARCA and Picatinny rails, this mounting head allows rapid attachment, repositioning, and removal of bipods or accessories without tools.

Featuring an intuitive three-position throw lever, the AP Throw Lever Head lets you transition instantly between a locked position, a sliding adjustment mode, and full release. This makes it ideal for competitive shooting, tactical applications, and dynamic field use where efficiency and adaptability are critical.

# Safety Instruction Guide for the MDT AP Throw Lever Head

## Introduction

Thank you for choosing the MDT AP Throw Lever Head. This product is designed to enhance your shooting experience by providing a reliable and efficient method for mounting bipods and accessories. To ensure your safety and the optimal performance of the product, please read and follow this safety instruction guide carefully.

## General Safety Guidelines

- Always inspect the product before use for any signs of damage or wear.
- Ensure that the mounting head is properly attached to the rail before use.
- Use the product only for its intended purpose as outlined in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper use or installation may lead to accidents or injuries.
  - Failure to securely attach the mounting head may result in equipment loss or damage.
- **Instructions for Avoiding Hazards:**
  - Always ensure that the throw lever is in the locked position when not in use.
  - Avoid using excessive force when adjusting the lever to prevent damage.
  - Do not exceed the weight limit specified for the bipod or accessory being used.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the mounting surface is clean and free from debris.
- Align the MDT AP Throw Lever Head with the ARCA or Picatinny rail.
- Slide the mounting head onto the rail until it is securely in place.
- Tighten the throw lever to lock the mounting head in position.

### 2. Usage:

- To transition between modes, pull the throw lever outwards and rotate to the desired position:
  - **Locked Position:** For secure attachment.
  - **Sliding Adjustment Mode:** For making adjustments to the position of your bipod or accessory.
  - **Full Release:** For quick removal of the mounted item.
- Always check that the throw lever is fully engaged in the desired position before using the mounted accessory.

## Disposal Instructions

- Dispose of the MDT AP Throw Lever Head in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, utilize designated recycling facilities where available.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT AP Throw Lever Head, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and enjoyable experience with your MDT AP Throw Lever Head.
