Safety Instruction Guide for Caldwell ClayCopter SurfacetoAir Case

Introduction

Thank you for choosing the Caldwell ClayCopter SurfacetoAir Case. This guide provides essential safety information and instructions to ensure safe and effective use of your product. Please read this guide thoroughly before using the case.

General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is to transport and store the Caldwell SurfacetoAir™ Launcher and its accessories.
- Always inspect the case for any damage before use. Do not use if the case is damaged or compromised.
- Keep the case out of reach of children and vulnerable individuals when not in use.
- Be aware of your surroundings when using the launcher. Ensure there are no obstacles that may interfere with its operation.
- Follow all local laws and regulations regarding the use of surfacetoair launchers and associated equipment.

Specific Safety Precautions for Use

- Always ensure that the launcher is securely stored in the case before transporting.
- When using the case as a riser, ensure it is stable and positioned on level ground to avoid tipping.
- Do not overload the case with additional items beyond its intended capacity.
- When lifting or moving the case, use proper lifting techniques to avoid injury.
- In case of any malfunction or unusual behavior of the launcher, cease use immediately and consult the manufacturer.

Instructions for Installation and Usage

Installation

1. Unpack the Case:

- Carefully remove the case from its packaging.
- Inspect for any visible damage or missing parts.

2. Positioning the Launcher:

- Open the case and place the Caldwell SurfacetoAir™ Launcher inside.
- Ensure the launcher is properly seated and secured within the molded compartments.
- Store magazine tubes, target adapters, and spare battery pack in their designated areas.

Usage

1. Transporting the Case:

- Close the case securely before moving.
- Use the handle for easy carrying.
- Ensure the case is balanced to avoid strain.

2. Using the Case as a Riser:

- Place the case on stable, level ground.
- Position the launcher on top of the case, ensuring it is stable and secure.
- Adjust the angle of the launcher as needed for optimal target flight.

Disposal Instructions

- Dispose of the case in accordance with local waste management regulations.
- If the case is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the case in fire as it may release harmful substances.

Contact Information for Further Support

For any safety inquiries or support, please refer to the manufacturer's official website or customer service channels. Ensure you have the product model and purchase details ready for assistance.

By following these guidelines, you can ensure the safe use of your Caldwell ClayCopter SurfacedoAir Case. Thank you for your attention to safety!
