

DEBRIS CATCHER FOR CASEFEEDER FOR DILLON SUPER 1050 - Debris Catcher for Dillon Casefeeder (Dillon XL750)

The Dillon Casefeeder features two drainage holes at the bottom-rear of the bowl assembly. These holes allow accumulated spent powder, polishing media, and general debris to drain out of the bowl. If left unchecked, this crud can spill all over your press and workbench. While most reloaders resort to taping a plastic cup or spent shell casings to the back of the feeder to catch the debris, this premium upgrade accomplishes the exact same thing in a far more elegant manner.

Attributes

- Name: Debris Catcher for Dillon Casefeeder (Dillon XL750)
- Manufacturer: ARMANOV
- Product no.: EU2018330
- Mfr. No.: DCCFDXL750
- Colour: Blue
- Material: Plastic
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm

Safety Instruction Guide for ARMANOV Debris Catcher for Dillon Casefeeder

Introduction

Thank you for choosing the ARMANOV Debris Catcher for Dillon Casefeeder. This product is designed to enhance your reloading experience by effectively catching debris that can accumulate during the reloading process. Please read this safety instruction guide carefully to ensure safe and proper usage of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects or issues, discontinue use immediately and seek assistance.
- Always follow the manufacturer's instructions when using the product.

Specific Safety Precautions for Use

- Avoid using the debris catcher in environments where it may be exposed to extreme temperatures or moisture.
- Do not overload the debris catcher beyond its intended capacity, as this may lead to malfunction.
- Ensure that the debris catcher is securely attached to the Dillon Casefeeder before use.
- Be cautious when handling debris that may contain sharp or hazardous materials.

Instructions for Installation and Usage

1. Installation:

- Ensure that your Dillon Casefeeder is turned off and unplugged before installation.
- Locate the two drainage holes at the bottomrear of the bowl assembly.
- Align the ARMANOV Debris Catcher with these holes and securely attach it according to the manufacturer's guidelines.
- Confirm that the debris catcher is properly installed and stable before proceeding.

2. Usage:

- Turn on the Dillon Casefeeder and monitor the operation.
- Periodically check the debris catcher to ensure it is functioning correctly and not overflowing.
- Dispose of collected debris safely and responsibly to avoid environmental harm.

Disposal Instructions

- At the end of its life cycle, dispose of the ARMANOV Debris Catcher in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the ARMANOV Debris Catcher for Dillon Casefeeder, please refer to the manufacturer's website or contact your local distributor for assistance.

Conclusion

By following the guidelines outlined in this safety instruction guide, you can ensure a safe and efficient reloading experience with your ARMANOV Debris Catcher. Thank you for prioritizing safety and responsible usage.
